

## MSP<sup>®</sup> Advanced Practitioner - Course Outline

---

### Objectives

To develop delegates understanding of the OGC's MSP<sup>®</sup> (2007 edition) Programme Management “best practice” framework through practical application of the approach using a complex scenario and to prepare them to sit the MSP<sup>®</sup> Advanced Practitioner Examination, held on Day 2 of the event.

### Designed for

Programme Managers and Programme Directors, Business Change Managers and Programme Office Managers.

N.B. Delegates wishing to sit the MSP<sup>®</sup> Advanced Practitioner examination MUST hold the MSP<sup>®</sup> Practitioner Qualification. Please note that examinations are the responsibility of the examination board, APMG.

### Duration

Two-day workshop style event, generally held on an in-house basis.

### Content

#### Welcome, Objectives and Course Introduction

#### Managing Successful Programmes (MSP<sup>®</sup>) - Review:

Background – ownership and qualifications

Structure – Principles, Governance Themes and the Transformational Flow Terminology

#### The MSP<sup>®</sup> Care Case Study – Review

**Practical Workshops and Exercises, based on the MSP<sup>®</sup> Care Case Study (as used in the MSP<sup>®</sup> Advanced Practitioner Examination)** to develop a detailed understanding of the case study and to provide an opportunity for the delegate to apply MSP<sup>®</sup> in a complex programme scenario

**Sample Examination question workshops** to prepare the delegate for, and to build their confidence in, sitting the MSP<sup>®</sup> Advanced Practitioner examination.
